### One machine does the work of many

You'll get more hard work from one Hydro-Scopic than from any other machine in your fleet because a wide variety of easily changed attachments allow an amazing range of construction and maintenance tasks. Beyond its use as a precision excavator, Hydro-Scopic can stand in for backhoes, trenchers, graders and loaders. It can even be used for lifting objects of three tons and more.

\* Transaction size is only limited by credit underwriting. Valid for U.S. customers only. Terms and conditions apply and are offered exclusively through FCM Rail, Ltd. for equipment purchased from Badger Equipment, Inc. and funded from January 1, 2012 through to March 31, 2012. Rates and terms are subject to change or cancellation at any time without notice, and are subject to credit approval and completion of satisfactory documentation. Cannot be combined with any other offers or special pricing. Products and services listed may be trademarks, service marks or trade names of Manitex International Inc. and/or their subsidiaries in the USA and many other countries. Badger Inc. is a registered trademark of Manitex International Inc., Bridgeview IL
